CB&I Lummus GmbH was selected as a contractor for the EPC lump sum project in tender procedure to execute the Gas Oil Desulfurization Unit (HDS). The project was executed since March 2007 up to June 2009 and was a part of the investment called "10+ Programme" in Gdansk refinery of Grupa LOTOS S.A.

One of our partners was **LOTOS Serwis Sp. z o.o.**, contractor selected to support CB&I in fulfilling services like:

- Pre-commissioning works and services,
- Preservations of pumps,
- Flushing of Compressors Lube Oil System,
- Distribution Control System modernization for the HDS Unit.

All the works and services were provided in a professional manner involving qualified and competent staff equipped with quality equipment.
