Gliwice June 2010

LETTER OF REFERENCE

LOTOS Serwis Gdansk was selected in a tender procedure for the contractor for executing the below listed works for "The 10+ Programme" – refinery of Grupa LOTOS during the period of October 2008 to May 2010:

- Units and Systems:
- Interconnections
- Instrument Air Unit
- Pump stations
- Flare and Blow Down
- Control system - modernization

LOTOS Serwis was the main contractor selected for the fabrication of interconnections, in particular:

- Management of material workhouses
- Piping fabrication,
- Piping erection including steam tracing,
- Painting and insulation,
- Equipment installation,
- Tests

During the implementation of the works LOTOS Serwis made 925 pipelines with a total length of 98 km and weight of more than 5.5 thousand tons.

All the works and services were provided in a professional manner involving qualified and competent staff provided with high quality equipment.

Sincerely,

Marek Filipowski
Project Director, Fluor S.A.
